

PRODUCER STATEMENT PS3 – EMERGENCY LIGHTING AND EXIT SIGN INSTALLATION

At project completion, this form shall be completed by the electrical contractor and supplied to engineer@ecoglo.com

ISSUED BY:.....
(Electrical Contractor)

TO:.....
(Owner/Principal)

IN RESPECT OF:.....
.....
(Description of Contract Works)

AT:.....
(Address)

T/A / BCA:..... **BUILDING CONSENT No:**.....
(Territorial Authority / Building Consent Authority)

The above Electrical Contractor has contracted to the above Owner/Principal to carry out and complete certain building works including installation of electrical exit signage and/or electrical emergency lighting to meet New Zealand building code requirements.

I, a duly authorised representative of the
(Qualified emergency lighting installer)
above electrical contractor, believe on reasonable grounds that the installation of all the electrical exit signage and/or electrical emergency lighting is in accordance with the Ecoglo design detailed in the Ecoglo design report:

.....
(Design Reference, Revision No, Date)

and complies with NZBC Clause F8/AS1, F6/AS1, and G9.
Details of the installed components and completion testing are provided on the next page.

This producer statement is confirmation by the electrical contractor(s) that the electrical installation work has been carried out in accordance with the drawings, specifications (and site amendments) that are part of the contract / building consent documents.

Work covered by this statement should have been supervised and checked by suitably qualified tradespersons.

Ecoglo International Ltd requires this producer statement and a copy of the T/A's building consent conditions, to confirm that the items of the contract that Ecoglo staff have not personally examined, have in fact been built according to the documents, so that Ecoglo International Ltd may issue appropriate documents to the T/A for it to release the Code Compliance Certificate.

PRODUCER STATEMENT PS3 – EMERGENCY LIGHTING AND EXIT SIGN INSTALLATION

At project completion, this form shall be completed by the electrical contractor and supplied to engineer@ecoglo.com

ELECTRICAL COMPONENTS USED:

TEST SWITCH:

	<i>(Make, Model)</i>
--	----------------------

PHASE FAILURE SENSING DEVICES:

	<i>(Make, Model, Quantity)</i>
--	--------------------------------

EXIT SIGNS:

	<i>(Make, Model, Quantity)</i>
--	--------------------------------

EMERGENCY LUMINAIRES:

	<i>(Make, Model, Classification, Quantity)</i>
--	--

EMERGENCY LIGHTING COMPLETION CHECKS:

Test System: checked and operational

Y

N

Phase failure sensing on all relevant lighting circuits is operational

Y

N

30 minute discharge test completed
OR

Y

N

90 minute discharge test completed

All fittings confirmed as operational

Y

N

All fittings confirmed to be in correct location

Y

N
